

BHee is funded by Brighton & Hove City Council as part of their commitment to **One Planet Living**.

The project supports pupils and teachers to learn about, and take action to protect, our unique local environment which is a UNESCO **Biosphere**.

BHee provides the following **FREE** for schools in Brighton & Hove:

Wildlife workshops for pupils: learn about the distinctive biodiversity and habitats of Brighton & Hove in your school grounds or a local green space.

One Planet workshops for pupils: embed sustainability into your curriculum.

Wild Beach and Forest Schools sessions: build a deep and lasting relationship with nature close to your school.

Twilight session for teachers: share ideas with other teachers over tea and cake!

School grounds advice: transform your school grounds into a haven for wildlife and a valuable teaching resource.

Events for pupils: opportunities for Eco Committees to be inspired by each other and local experts.

E-support: downloadable resources, local case studies and signposting to a wide range of resources.

BHee is delivered by
Resource Futures and **Sussex Wildlife Trust**
